

Testing Report

dev.remittance.org.sg **Ver 1.0**

This testing report details the issues / features that needs to be updated when logged on as an Administrator. Currently the membership login features are being developed and will be tested when presented to the Association. This testing report was assisted by **MindzMap** who initially designed the UI/UX framework. The Committee will be informed and updated according to the changes / updates carried out.

Commencement of RAS Admin Login Page Testing

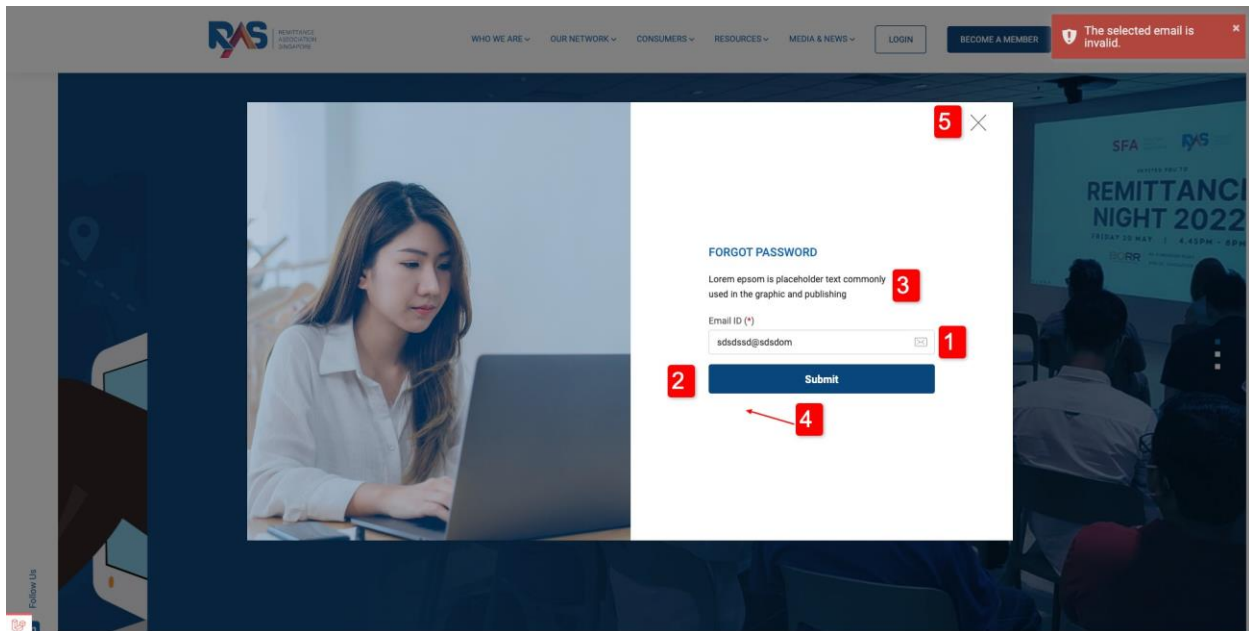

A. Login Screen

1. Remove the dummy content and use the original content.
2. The email validation is incorrect as there needs to be validation at client side (@ and .)
3. The error message needs to be shown above the login button / at the centre whenever wrong credentials are keyed.
4. When you click on the 'Forgot Password' link, there is no way to return to the login page
5. Clicking the Register link doesn't work.
6. Remember password - Options are not working properly.

Developers' Comments

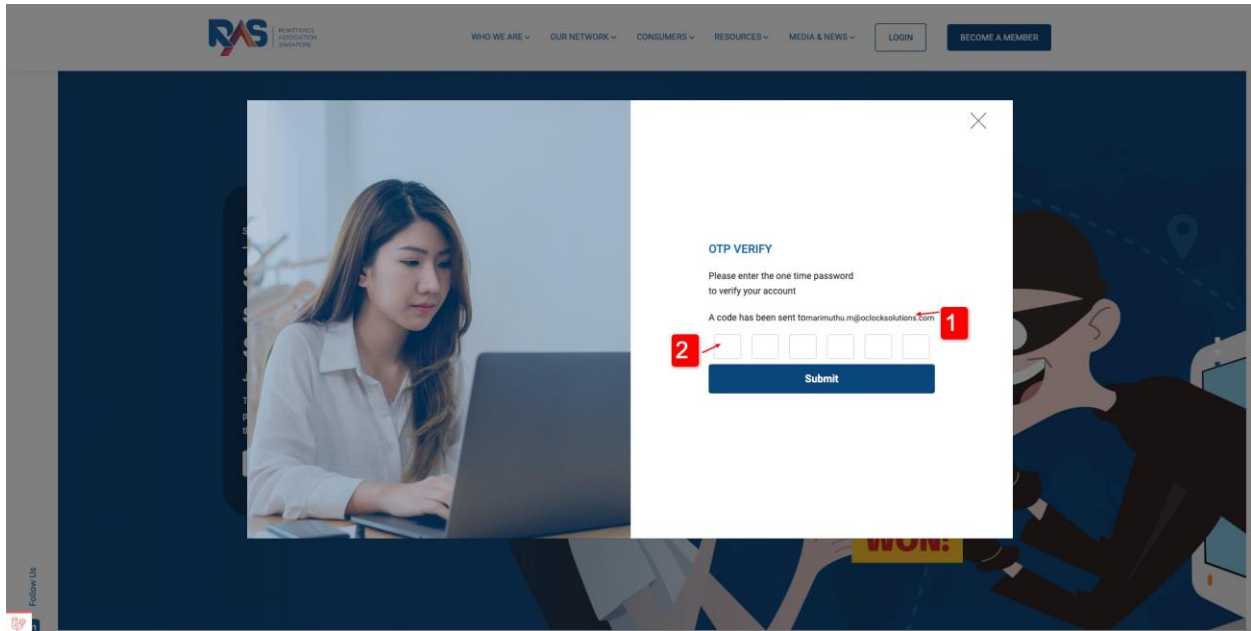

B. Forgot Password Screen

1. The email validation is incorrect as there needs to be validation at client side (@ and .)
2. The error message needs to be shown above the login button / at the centre whenever an error from the user side occurs.
3. Remove the dummy content and use the original content.
4. Allow redirection from the 'Forgotten Password' page to the Login page. Currently there is no way back to the Login Page.
5. Clicking the close button on the forgotten password page works fine. But when the login button on the RAS website is clicked, the forgot password page comes back.

Developers' Comments

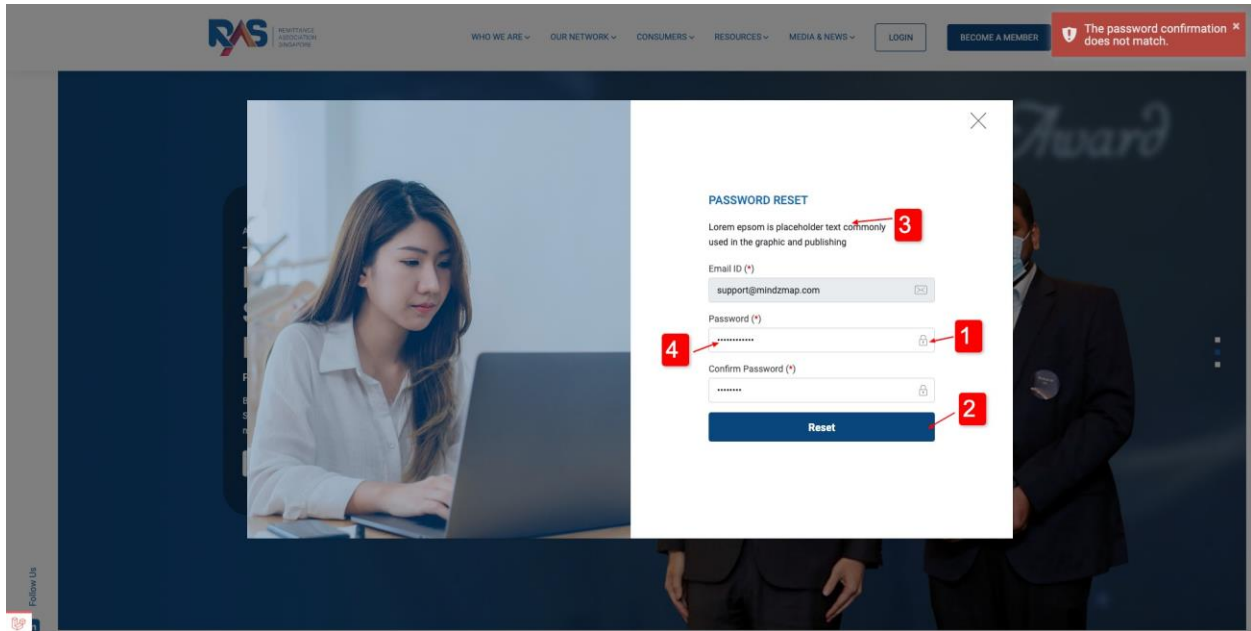

C. OTP Verification Page

1. After entering the email address on the Forgotten Password page and clicking on the Submit button, brought to the OTP verification page. But a valid email address was not found. For Exp - (Marimuthu.m@oclocksolutions.com).
2. We need to allow the copy & paste option.

Developers' Comments

D. Password Reset

1. Use the eye icon. Password show and hide function is required. (Apply in Password and Confirm Password)
2. The error message needs to be shown above the login button / at the centre whenever an error from the user side occurs.
3. Remove the dummy content and use the original content.
4. Instructions to the password format need to be given. For Exp: Uppercase, Lowercase, Special Character and Numeric.

The screenshot displays the 'Committee Members - RAS SPORTS COMMITTEE' page. It features a table with columns for '#', 'Company Name', 'Director Name', 'Position in the Company', 'Position in the Committee', 'Contact Number', and 'Email Address'. The table lists five members: Paynew Remittance, Immanuel Remittance, Wise (formerly TransferWise), Payout, and MindMap. To the right, an 'Advance Search' form is visible, including fields for 'Company Name', 'From Date', and 'To Date', along with 'Search' and 'Cancel' buttons. Red callouts '1' and '2' highlight the 'Search' button and the 'To Date' input field, respectively.
